## Animal Angels and Red Mittens

NEW for 2005, Paris Bottman's gilded *Animal Angels* are a charming addition to her family of ornaments. They join her *Red Mittens / Green Stockings* group of delightful and amusing items that brighten up your holiday decor.

The *Angels* are approximately 4" from the top of their golden halo to the tips of their toes. They have shiny gossamer wings and a satin ribbon for hanging from the tree. They also come with a gilded base, and would be wonderful in a holiday scene on the mantel or table. Each is packaged in

a clear vinyl box with a cloud background. The wholesale price is \$4.50, with a suggested retail of \$9.95.
